1. Applicant's amendment filed 2/17/06 has been entered. Claims 1-21,33-35,45 have been cancelled. Claim 102 has been added.

2. The protest filed 2/10/06 has been entered.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(f) he did not himself invent the subject matter sought to be patented.

4. Claims 36-44,46-92,102 are rejected under 35 U.S.C. 102(f) because the applicant did not invent the claimed subject matter. As seen in the protest, claims 36-44,46-92,102 are broader in scope than claims 22-32. Claims 1-21,22-35 (now cancelled) were statutorily disclaimed and therefore not subject to reissue proceedings. As protested, an adverse judgement against the current inventor was issued during the Interference No. 104,631. Since claims 36-44,46-92,102 are broader in scope, it is inherent that the adverse judgment suggests that the broader invention would also belong to the winning entity in the Interference No 104,631.

5. Claims 22-31,93-101 remain allowable for the same reasons as previously set forth.
